Report created on January 17, 2025

Attached you will find the Legislative Report #1, 2025. Please note the session began January 8th and bills are still being released. We continue to read bills in order to identify those of significant importance to the health and well-being of our members. There are hundreds of bills filed each session that impact law enforcement, far too many to include in our reports.

The bills that follow are selected based upon their specific potential impact on our members and their families.

Please note that I have identified FOP bills in the committee section of the report. We will continue to monitor all bills and keep you informed in future Legislative Reports.

The legislative process is fluid. Each bill is subject to change along the way. Few will actually become law and may end up significantly different at the end of the session. Please make no future decisions based upon any proposed legislation, specifically SB388. Everything is subject to change until a bill has passed through the session and been signed into law by the Governor.

You may refer any questions you have to President Bill Owensby or me.

Fraternally,

Leo T. Blackwell
