Report created on January 31, 2025**

Many bills are moving. You can see the progress of each bill that we have been tracking in Legislative Report #3, 2025 that follows.

President Owensby has been very busy this week attending hearings, offering testimony, monitoring the session and dealing with member issues. He has authored a few remarks that follow.

LTB

Greetings,

I thought I'd take a moment to update you on a couple of specific bills. Please look at the entire report, but a couple of bills to note: HB1486, deals with, among other things, training and jurisdictional requirements of town Marshall's , reserves, and constables. The bill went through several revisions and by the time you read this it will likely be out of committee. Please look at Legislative Report #3, 2025 for any further information. HB1471, Brady/Giglio issues, passed out of committee 13-0, admittedly this is not the complete bill your FOP wanted, but it's a step in the right direction! SB388 is essentially a small increase in the 1977 pension. Again, not the original idea for an increase, but with the probability of some sort of property tax reform this session we were unable to get any traction. Keep in mind, as you can already see, bills that come out of committee are often times not the bills that were introduced but CAN take on a life of their own. There is still a possibility that any of these bills could change before arriving at a final vote either in the house or the senate.

HB1122, 25-foot encroachment bill, changes some of the language of a bill that was passed last year. Special shout out to Mark Saltzman from Lodge 73 who drove up to testify on this bill. He always represents his department and his lodge well!

As always, Leo Blackwell and I are always available should you have any questions.

Bill Owensby
