RE: Legislative Bulletin – Pension Enhancement Bills

Dear Brothers and Sisters:

Please note, SB085 and HB1135 were filed as identical bills. We were able to successfully move the Senate version (SB085) out of the Senate and on to the House. There was no need for HB1135 to move through the House and it has died.

Our efforts for pension enhancement are alive and well in SB085. See Legislative Report #9, 2019 for details.

Fraternally,

Leo T. Blackwell
